

TEN THINGS YOU SHOULD DO TO IMPROVE YOUR CHANCES OF PASSING THE UNIFORM CPA EXAM

1. STUDY! STUDY! STUDY!
2. Apply for the Exam as soon as possible. As soon as you receive your Notice to Schedule (NTS), contact Prometric so you can schedule your appointment(s) to take the Exam.
3. Read the *Uniform CPA Examination Candidate Bulletin: Information for Applicants* posted on the AICPA's Uniform CPA Exam web site, www.cpa-exam.org. It is important that you read the *Bulletin*—even if you sat for the paper-and-pencil Exam—because it explains the changes in the content of the Exam.
4. Visit the AICPA's Uniform CPA Exam web site, www.cpa-exam.org, to learn about the computer-based Exam.
5. Review the tutorial on the AICPA's Uniform CPA Exam web site, www.cpa-exam.org. Completing the tutorial allows you to become familiar with the format of the Exam. If you do not review the tutorial, your chances of doing well on the Exam are diminished.
6. Complete the sample test on the AICPA's Uniform CPA Exam web site, www.cpa-exam.org. Taking the sample test allows you to become familiar with the types of questions that will be on the Exam.
7. Read the Board's *Uniform CPA Examination Information Sheet* posted on the Board's web site, www.nccpaboard.gov.
8. Read the Board's *What to Know Before Arriving at the Prometric Test Center* posted on the Board's web site, www.nccpaboard.gov.
9. Arrive at the Prometric Test Center at least thirty (30) minutes before your scheduled appointment.
10. Remember to take your Notice to Schedule (NTS) and two acceptable forms of ID with you to the Prometric Test Center. Both IDs must be valid (not expired) and include your signature. Your primary ID **must** be a picture ID (such as a driver's license); your secondary ID may be a credit card, ATM card, etc. Without your NTS and two acceptable IDs, you will not be allowed to take the Exam.
